Marisa joined our volunteer program in April 2005, while she was a Sophomore at Hunterdon Central Regional High School. She has since then generously donated 511 hours of volunteer time to the Hunterdon Medical Center. Amazingly she was able to do this while attending high school and working a part-time job after school. Marisa dedicates her volunteer time working at our Information Desk helping visitors find their destinations and answering calls about our patients from

their friends and family. Her warm smile, positive outlook, and endless compassion make her the ideal person to remind our patients and visitors of the excellent care they receive when coming to the Hunterdon Medical Center. Marisa says that the medical center has become such an important part of her life, and she hopes that when she finishes with nursing school that she can continue to provide the same care for our patients and visitors as one of our nurses.
