

## **MOST VALUABLE VOLUNTEER MANAGER**

### ***MIRA DESAI***

---

**EXPANDING A VISION!** Mira Desai is dedicated to providing low income, minority and disadvantaged students access to a free mentoring and tutoring program in a well- supervised learning environment and to raising literacy levels of children and adults from new immigrant families. This is the mission that led Mira Desai to form the AIM for A2Z mentoring program where over 70 volunteers tutor students representing elementary schools from the Hightstown and East Windsor, Twin Rivers and Ewing areas.

Since its inception in 2004, Ms. Desai has coordinated all of the volunteer tutors, making sure that they receive proper training and support. Ms. Desai also plans activities to recognize volunteers for giving their time. She works diligently to recruit students and tutors as well as matching tutors to the appropriate student and subject area.

Ms. Desai's vision has evolved into a program that not only benefits students but also provides wonderful educational services for the adult community.
